UNIVERSITY EXAMINATIONS

OCTOBER/NOVEMBER 2024

COS1511

Introduction to programming I

[TURN OVER]

Welcome to the COS1511 exam.

Examiner name: Ms Promise Mvelase

Internal moderator name: Mr Bakang Nthutang

External moderator name: n/a

This paper consists of 9 pages.

Total marks: 75

Number of pages: 9

Instructions:

- Use word Document to answer the questions
- Convert to Pdf before submitting
- Marks are awarded for part of an answer, so do whatever you are able to in each question

Additional student instructions

1. Students must upload their answer scripts in a single PDF file (answer scripts must not be password protected or uploaded as “read only” files)
2. Incorrect file format and uncollated answer scripts will not be considered.
3. NO emailed scripts will be accepted.
4. Students are advised to preview submissions (answer scripts) to ensure legibility and that the correct answer script file has been uploaded.
5. Incorrect answer scripts and/or submissions made on unofficial examinations platforms (including the invigilator cell phone application) will not be marked and no opportunity will be granted for resubmission. Only the last answer file uploaded within the stipulated submission duration period will be marked.
6. Mark awarded for incomplete submission will be the student’s final mark. No opportunity for resubmission will be granted.
7. Mark awarded for illegible scanned submission will be the student’s final mark. No opportunity for resubmission will be granted.
8. Submissions will only be accepted from registered student accounts.
9. Students who have not utilised the proctoring tool will be deemed to have transgressed Unisa’s examination rules and will have their marks withheld. If a student is found to have been outside the proctoring tool for a total of 10 minutes during their examination session, they will be considered to have violated Unisa’s examination rules and their marks will be withheld. For examinations which use the IRIS invigilator system, IRIS must be recording throughout the duration of the examination until the submission of the examinations scripts.
10. Students have 48 hours from the date of their examination to upload their invigilator results from IRIS. Failure to do so will result in students deemed not to have utilized the proctoring tools.

11. Students suspected of dishonest conduct during the examinations will be

subjected to disciplinary processes. Students may not communicate with any other person or request assistance from any other person during their examinations. Plagiarism is a violation of academic integrity and students who plagiarise, copy from published work or Artificial Intelligence Software (eg ChatGPT) or online sources (eg course material), will be in violation of the Policy on Academic Integrity and the Student Disciplinary Code and may be referred to a disciplinary hearing. Unisa has a zero tolerance for plagiarism and/or any other forms of academic dishonesty

12. Listening to audio (music) and making use of audio-to-text software is strictly prohibited during your examination session unless such usage of the software is related to a student's assistive device which has been so declared. Failure to do so will be a transgression of Unisa's examination rules and the student's marks will be withheld
13. Students are provided 30 minutes to submit their answer scripts after the official examination time. Students who experience technical challenges should report the challenges to the SCSC on 080 000 1870 or their College exam support centres (refer to the [Get help during the examinations by contacting the Student Communication Service Centre \[unisa.ac.za\]](#)) within 30 minutes. Queries received after 30 minutes of the official examination duration time will not be responded to. Submissions made after the official examination time will be rejected according to the examination regulations and will not be marked. Only communication received from your myLife account will be considered.
14. Non-adherence to the processes for uploading examination responses will not qualify the student for any special concessions or future assessments.
15. Queries that are beyond Unisa's control include the following:
 - a. Personal network or service provider issues
 - b. Load shedding/limited space on personal computer
 - c. Crashed computer
 - d. Non-functioning cameras or web cameras
 - e. Using work computers that block access to the myExams site (employer firewall challenges)
 - f. Unlicensed software (eg license expires during exams)

Postgraduate students experiencing the above challenges are advised to apply for an aegrotat and submit supporting evidence within ten days of the examination session. Students will not be able to apply for an aegrotat for a third examination opportunity.

Postgraduate/undergraduate students experiencing the above challenges in their second examination opportunity will have to reregister for the affected module.

16. Students suspected of dishonest conduct during the examinations will be subjected to disciplinary processes. UNISA has a zero tolerance for plagiarism and/or any other forms of academic dishonesty.
17. Students experiencing network or load shedding challenges are advised to apply together with supporting evidence for an Aegrotat within 3 days of the examination session.
